

## **NORTHEAST INDIANA** Colleges and Universities

The Northeast Indiana Colleges and Universities Network is a collaborative effort among 10 unaffiliated higher education institutions.

One email or phone call will give you access to more than 40,000 students in over 240 degree and credential programs, as well as custom training programs to ensure your relocation or expansion in Northeast Indiana is a success!

# NORTHEAST INDIANA Colleges and Universities

## Client Inquiry

Northeast Indiana Regional Partnership staff receives requests from economic development partners or directly from business decision makers and then issues very specific requests for information to each college and university

## University Response

The Regional Partnership collects quantitative and qualitative data from the colleges and universities and generates a report and letter on behalf of the consortium that the economic developer appends to the project response

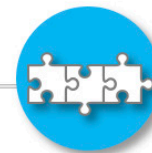

## Client Response

Based on the client's needs, the Regional Partnership will identify a subset of the colleges and universities to follow up with the client as appropriate, including participating in site visits

## Site Visit

The Regional Partnership curates site visits for the client, including arranging travel and creating an itinerary and agenda to introduce the client to other stakeholders, and specifically to meet with the colleges and universities who can provide both current and future talent needs

## Wins

Since 2018, the Northeast Indiana Colleges and Universities Network has played a critical role in retaining and attracting more than 400 high wage jobs in Northeast Indiana including Shindigz and Rural Sourcing Inc.
